November 12, 2019

Dear Friend of ECOS:

The **Environmental Council of the States (ECOS)** is pleased to announce an exciting conference lineup for 2020. Planned are a **March 30-April 1** Spring Meeting in Asheville, NC, a **July 30** STEP Meeting in Washington, DC, and a **September 22-24** Fall Meeting in Park City, UT.

ECOS is the national nonprofit, nonpartisan association of state and territorial environmental agency leaders. Because ECOS frequently is asked about opportunities to engage, we wanted to make you aware of **sponsorship benefits** for these well-attended gatherings, particularly as 2020 budget planning gets underway.

The theme for the **Spring Meeting** is *2020 Vision for the Environment*. Lively discussions among state, federal, industry, and nongovernmental organization leaders will center on ways to strengthen partnerships and drive environmental results in the coming decade. The **STEP Meeting**, *Partnering on PFAS*, will explore how stakeholders are coordinating to combat PFAS contamination. Finally, the **Fall Meeting** will build on these themes and take a closer look at key issues that emerge.

Our gatherings generally attract approximately 200 leaders from state environmental agencies; U.S. EPA, U.S. DOE, U.S. DOD, and other federal agencies; industry; and NGOs. Attached is a listing of available sponsorship opportunities. To discuss sponsorship, please contact Lia Parisien at (202) 266-4931 or lparisien@ecos.org. I extend my sincere appreciation to you for considering support of ECOS' 2020 conferences.
